## How To Create Reseller Account?

### Create Reseller Account

Creating reseller account is easy. After logged into your account, go to **Sub-Resellers - Add New Reseller** and complete the form.

The form requires you to upload your ID card for verification process.

### Currency

Our system currently support 2 currencies, Indonesian Rupiah (IDR) and US Dollar (USD). You can not transfer IDR deposit into USD and vice versa.

### Tax Information

This field is not mandatory, but it will help you calculate tax automatically. We have made another page to show you [how to fill this tax information](#).
